**Helpful Tips when providing your Health Insurance information to your provider for verification of coverage, benefits, and in-network coverage.**

- Always make sure your providers or facilities are in-network under AETNA
  - The provider CANNOT verify coverage and benefits directly through AETNA
- Coverage, benefits, and claim information is verified through AUXIANT
  - Provider should call Auxiant at 1-800-788-7569 to verify coverage/benefits
- Take and present your insurance ID card to the provider's office. This will ensure the process is followed appropriately and coverage/benefits can be verified
  - If you are told you're "not enrolled", "don't have coverage", "we don't accept that insurance", etc., confirm they are using Auxiant for verification and not Aetna.
  - AETNA is only for the in-network use of providers and services. NOT coverage.
- If they are not able to confirm your coverage/benefits, please have them call Kristi or Amber
